State Capitol Building, Room 315

Dear Co-Chairs Bledsoe and Wardlaw,

On March 25, 2019, the Department of Information Systems (DIS) provided new rates and proposed rate adjustments for DIS services required by Arkansas Code Annotated Sections 25-4-105(a)(2)(D)(i), 25-4-105(a)(2)(E)(ii), 25-4-105(a)(2)(E)(iii), and 25-4-119(b)(3)(B) to the Chief Fiscal Officer of the State. The enclosures include the approval letter from Larry Walther, Chief Fiscal Officer of the State dated April 18, 2019. As approved, this request supports the adjustments in agency billing as necessary to effect compliance with applicable state and federal statutory and regulatory provisions.

The Arkansas Code cited above also requires review by the Arkansas Legislative Council (ALC). The new rates and proposed rate adjustments are included in the enclosed packet for your review. The proposed rate adjustments for existing DIS rates have a net monthly impact of approximately (\$113,000) and an approximate annual net impact of (\$1,356,000). As these rates will be beneficial to many state agencies, I am respectfully requesting consideration of a favorable review by ALC. The rates are due to become effective on July 1, 2019.

If you have any questions, please feel free to contact me at (501) 682-5148.

Sincerely,

Yessica Jones

(1) The Arkansas Department of Information Systems (DIS) operates within the State of Arkansas to provide information technology services to State agencies and other approved governmental entities.

DIS operates on a cost recovery basis, guided by State laws and the Federal cost principles outlined in OMB Super Circular 2 CFR Part 200. In accordance with the Super Circular, DIS is permitted to recover the cost of services but is not permitted to operate at a profit. Under this mandate, DIS closely monitors over and under recoveries of cost for each category of service. An over or under recovery occurs when the cost of providing a service does not match the amount of revenue received for the service.

Rates in this packet may have been reduced in order to return a prior period over recovery of cost and do not reflect the current costs of providing the service. Therefore, a future rate increase will be necessary once the prior period over recovery is returned.

Rate adjustments are necessary in order to remain compliant with State and Federal guidelines, enable DIS to recover the costs of services, and return over recoveries of cost.

(2) In the event that, outside of DIS' control, new taxes or fees are imposed on any DIS services after the proposed rates take effect, new taxes or fees will be directly passed through to customers as they occur.
