

WAIVER REQUEST TO EXCEED COOPERATIVE PURCHASING FOR CONSTRUCTION SERVICES AGGREGATE AMOUNT IN ACCORDANCE WITH § 19-11-249 (d)

Name of School District or Open Enrollment Public Charter School:

White Hall School District

Name and Title of Person Submitting Report:

Gary Williams, Superintendent

Vendor:

Reynolds Construction and Commercial Roofing

Vendor Contract #:

211001

Location of Project (school campus, etc...):

Harding Elementary and Moody Elementary

Reason for Waiver Request (Timeline for Completion, Preferred Contractor, etc...)

The request for the waiver is based on the history with the vendor and the district. The vendor is a local contractor the district has used for past roofing projects, and the district has been very satisfied with the work performed. Due to their past work for the district, they are very familiar with our buildings and the roofs. The contractor has been very responsive to any needs of the district, which is in large part due to them being a local contractor and having a good working relationship with the district. Based on past results we expect the same service from the vendor in the future, which is extremely important to the district. We value local vendors and we believe the use of Reynolds Construction and Commercial Roofing is in the best interest of the district. If the request is granted, we anticipate beginning the work in October 2024 and completing it in January 2025.

Description and Scope of Project:

Hardin Elementary: This is a warm, safe, and dry project to replace the roof. In this project, we will install a single-ply membrane including tapered insulation for the 43,543 sq. ft. building.

Moody Elementary: This is a warm, safe, and dry project to replace the roof. In this project, we will install a single-ply membrane including tapered insulation for the 52,877 sq. ft. building.

Total Estimated Cost of Project:

Hardin Elementary: The project is partially funded through the Academic Facilities Partnership Program, with a total budget of \$1,200,000.00. The state financial participation will be \$486,356.43, and the district's share will be \$713,643.57.

Moody Elementary: The project, which has a total budget of \$1,500,000.00, is partially funded through the Academic Facilities Partnership Program. The state's financial participation will be \$590,613.17, and the district's share will be \$909,386.83.

Start Date of Construction:

Approximate start date would be October 2024

Total Estimated Amount of Cooperative Construction Services Prior to this Waiver:

\$82,000
